Les presentamos nuestro Catálogo-Carta de Colores **Colorsystem NCS**, con más de 2000 colores para el tintado al instante en nuestras máquinas Colorsystem. NCS es el acrónimo de ***Natural Color System***, el sistema de color más utilizado por los profesionales de la pintura industrial.

Fue desarrollado por el Instituto Escandinavo del Color en 1960 y se basa en los estudios elaborados por Hering, que redujo todos los colores visibles a la mezcla de cuatro únicos tonos: Amarillo, Rojo, Verde y Azul, más el Blanco y Negro. Debido a los diferentes calibrados de pantalla, la apreciación de los colores puede variar entre diferentes equipos informáticos, por lo que esta tabla debe considerarse solamente orientativa.

RIVER se marca como objetivo fabricar **PINTURAS** sin disolventes, todos nuestros productos cuentan con una mejora continua en su producción, controlando el consumo de agua y residuos mediante depósitos de evaporación, y con certificaciones por el **Instituto Alemán de Evaluación (Budesinstitud für Risikobewertung) y ENAC ISO 9001 nº E.R. 01/214.**
